PRODUCT: LTD 5000™ **Stock # 5000**

Description: Concentrated non-phosphate liquid towel detergent with optical brighteners.

Color: Green

Scent: Lemon

<u>Features</u>	=	<u>Benefits</u>
Concentrate	=	Low cost liquid
Optical brighteners	=	Cleaner looking towels
Fresh lemon scent	=	Fresher smelling towels
No Phosphates	=	Environmentally acceptable
Pump dispenser	=	Consistent usage, less mess

Applications / Dilution Ratios

Through a pump dispenser, use 1/2 ounce per load in soft water, 1 ounce per load in hard water extremely soiled towels, use up to 1.5 ounces.

Guidelines for Application

CSI highly recommends the Dema dispenser (CSI part number AC-11301) for accurate measuring of LTD 5000™. This pump provides less mess, less waste, less pilferage, and is easy to install. Simply attach the pump with the screws provided to any convenient place above the washer.

Special Instructions

Careful usage of this product is essential. Over-dispensing will result in a prohibitive cost for the operator, product waste, over-sudsing, and difficulty rinsing towels.

To modify the pump delivery to 1/2 oz., place thick rubber washers or a short piece of plastic tubing on the metal shaft of the pump in-order to shorten the pump stroke. Some trial and error may be necessary to achieve the desired delivery.

Alternative Products

None for this application.
