Benefits

Long lasting shine enhances customer appeal.
Works in a variety of machine applications.
Reduces visible residue on raised white letters.

Applications / Dilution Ratios

Apply full strength. Do not dilute. Meter through application equipment to obtain best visual results at the lowest application rates. May also be applied manually.

Guidelines for Application

May be applied on a wet tire but best results are achieved if residual water is minimal. It is generally not necessary to buff or re-wipe surfaces.

Special Instructions

May alter appearance of painted surfaces and glass. If accidental contact occurs remove with a mild solvent cleaner such as MiraClean.

Alternative Products

Spray-N-Shine™ is a sprayable version of this product for hand sprayed and automatic systems.

Tire Jelly™ is a wipe-on tire protectant and shine. Non-staining, non-slinging formula leaves an excellent lasting shine.
