PRODUCT: **Spectrum® Clear Coat Sealant**
 – Pina Colada **Stock # 1342**
 - Berry Scented **1343**

Description: High quality, highly concentrated sealant that comes in either Pina Colada or Berry fragrance. Produces a sudsy looking solution that rapidly beads water off of vehicles, leaving a dry, shiny finish. Customers are also pleased and reassured by the pleasant fragrance.

Color: Pina Colada = Red, Berry = Blue

Scent: Pina Colada or Berry

Foaming Ability: Low but sudsy looking

<u>Features</u>	=	<u>Benefits</u>
Sudsy Appearance	=	Customer appeal.
Bright Fragrances	=	More customer appeal.
Beading ability	=	Cars dry easier.

<u>Application</u>	<u>Dilution Ratios</u>			<u>Tip Suggestions</u>
<u>Self-Serve Systems</u>	<u>Strongest</u>	<u>Weakest</u>	<u>Average</u>	
High Pressure Sealant	1:1500	1:2000	1:1700	Yellow or Purple
Low Pressure Sealant	1:200	1:500	1:300	Purple or Pink

Required strength of product dilution will vary depending on cleaning conditions and type and condition of equipment used.

Guidelines for Application

Water Quality: Do not apply with reclaimed water. No other special requirements.

Solution Temperatures: Cold water is fine, but warm water may help lift the fragrance.

Dwell time: No special requirements.

PRODUCT: Spectrum® Clear Coat Sealant
– Pina Colada
- Berry Scented

Stock # 1342
1343

Special Instructions: No final rinse is required with **Spectrum® Clear Coat Sealant** but a spot-free rinse will help reduce water spots.

Note: This product contains solvents that can evaporate from open containers, causing the product to thicken and become difficult to draw. Minimize evaporation by keeping container closed when not in use and running draw tubes through bungs/caps that are drilled to accommodate the draw tube. Purchase this product in package sizes that will be completely used, once opened, within three months.

Alternative Products

Ultra Spectrum® Clear Coat Sealant = Similar performance in an ultra concentrate.
ProShield® Pina Colada = Similar results, provides UV protection to vehicle finishes.
Pearl® Sealant & Drying Agent = Unscented, lower price per drum.

Determining Dilution Ratios

Manual draw, determine the volume of the Hydrominder tank and measure draw of raw product vs. diluted product, see CSI “HYDROMINDER DILUTION RATIO CHART” for instructions.
