## **Applications / Dilution Ratios**

For best results dilute **Streak-Free®** 1:4 with water. Apply product to glass surfaces with a spray and wipe dry with a soft cloth.

## **Guidelines for Application**

**Water Quality:** Spot-Free water is recommended for best results. Soft water is acceptable, but hard water is not recommended.

**Solution Temperatures:** Cold water mixture is all that is required.

**Dwell time:** **Streak-Free®** is a fast acting cleaner, a few seconds dwell time is adequate.

**Economy:** Adjust dilution ratio to suit conditions.

## **Special Instructions**

Always be sure that towels are clean and free of other detergents or vehicle sealants.

## **Alternative Products**

**Vision™** is formulated to be used at greater dilutions.
