PRODUCT: **Ultraflex[®] Conditioner 342 Cherry Red** Stock# **UF342**

Description: Ultra-Concentrated liquid pre-sealant conditioner that produces a thick, rich, colored foam. Apply prior to a high-pressure sealant.

Color: Red **Scent:** Cherry **Foaming Ability:** Very High

<u>Features</u>	=	<u>Benefits</u>
Ultra-Concentrated	=	Lower cost per car
Rich color foam	=	Visual customer appeal
Cherry scent	=	Increased customer appeal
Quick foam dissipation	=	Complete removal of foam with less water

Applications / Dilution Ratios

For best use draw direct as follows: Using a low volume injection pump, apply 4 to 6 ml per vehicle. This product can be drawn through normal vinyl tubing.

Guidelines for Application

Water Quality: Soft water is recommended for best results. In hard water increase strength to achieve desired results.

Solution Temperatures: Generally cold water is used in this application, however warm water is acceptable and may improve fragrance loft.

Economy: Adjust dilution ratio to suit conditions. Use soft water.

Special Instructions

Lustra[™] Ultra - Foaming Conditioner can also be used as a colored foam detergent. It has a high level of detergency and performs excellent in friction systems.

Viscosity / Temperature Relationship: Temperature changes have very little effect on the viscosity of these products. Tip adjustments due to temperature changes should not be necessary.
