

ALL STAR H.D.

HEAVY DUTY ACIDIC CLEANER / ALUMINUM BRIGHTENER

DESCRIPTION:

Super strong acidic cleaner containing hydrofluoric acid performs when all else fails. Clean aluminum, concrete, stainless, brick, FRP and more. High foaming!

Caution: Toxic and Corrosive: Contains 5% Hydrofluoric Acid. Keep off of skin and do not get into eyes or on clothing. Solution is very harmful or could be fatal if swallowed, absorbed through skin or inhaled. Read MSDS before using to learn about safety measures. Wear gloves, goggles, apron and respiratory when using or handling. SALES RESTRICTIONS APPLY!

ADVANTAGES:

- Inhibited solution helps to prevent metal surfaces from rusting or corroding.
- Removes alkali residues, soap scum, rust, oxidation, grease and grime from all surfaces.
- High foaming for enhanced cling and clean action.
- Performs where all else fails!
- Excellent acidic solution for prepping painted surfaces removes metallic brake dust and other contaminants.

DILUTION RATIOS:

Dilute 1:1-50. Apply to dry surfaces for best results and faster performance. Keep off of glass and most high gloss surfaces as irreversible damage may occur.

PACKAGING:

5-Gallon, 30-55-Gallon Drum

PRODUCT PROPERTIES:

STATE	Aqueous
COLOR	Orange
ODOR	Strong Pungent
VOC'S %/WGT	<5
pH (100%)	1
Cautions	Toxic/Corrosive
