

Woltco LO pH 200 Plus

"Super Concentrated" LO pH CAR WASH DETERGENT

DESCRIPTION:

Effective lo pH detergent for use in all friction car washes; removes windshield masks, body film and grime leaving vehicle surfaces clean and shiny. Produces a high amount of lubricated foam that provides necessary slip on the vehicle surface for safe friction cleaning. Excellent high pH detergent neutralizer and is easily rinsed from the surface.

ADVANTAGES:

- High performance cleaner without the high barrel cost. Very low cost per application!
- Removes windshield masks, body film and grime with out using dangerous chemicals as: ABF or HF. Non-Corrosive!!
- Readily biodegradable!
- Neutralizes high pH detergents and provides enhanced drying!
- No phosphorous or phenolic surfactants! Readily biodegradable!

DILUTION RATIOS:

Dilute @ 1:120-300+ thru foamers (10 mL per car). Wrap or Mitter spray inject 5-10 mL per application. High Pressure Spray: 1:400-700

PACKAGING:

30 or 55-Gallon Drum

PRODUCT PROPERTIES:

STATE	Aqueous
COLOR	Red
ODOR	Detergent
VOC'S %/WGT	<3
pH (1%)	3.0
Biodegradable	Yes
