

# TC BASE & BOOST

## 2 PART TIRE, RIM & WHITE WALL CLEANER

### DESCRIPTION:

This powerful, 2-part cleaning system when drawn together instantly removes oily grime and brake dust from tire walls, rims and white-letters. TC Base is a concentrated blend of alkaline builders and chelating agents and TC Boost is a concentrated blend of detergents and solvents. Produces high foam and a pleasant orange scent.

### ADVANTAGES:

- Fast acting blend instantly gets tire walls black, cleans rims and white-letters in one easy step.
- 2-part system is highly concentrated allowing it to be diluted further than single step products.
- High foaming for improved vertical cling and clean action!
- Readily biodegradable, contains no phosphates or phenolic surfactants!

### DILUTION RATIOS:

TC Base: 1:20-64 TC Boost: 1:10-48

Do not apply to polished aluminum and cool extremely hot surfaces first before using!

### PACKAGING:

5-Gallon, 15-30-55-Gallon Drum

### PRODUCT PROPERTIES:

STATE	Aqueous
COLOR	Amber
ODOR	Citrus
VOC'S %/WGT	<30
pH (100%)	13.4 (Base)
Biodegradable	Yes
